

Welcome to Ellice-Flint

Time poor, but still want to maintain control?

Ellice-Flint Group is your dedicated team of advisers.

Make the most of opportunity

For the majority of executives, professionals and retirees, paying the right amount of attention to your financial affairs is difficult, and opportunities to enhance and protect your wealth too often get missed. As an Ellice-Flint Group client, we are constantly monitoring and managing your financial affairs leaving you more time to focus on what is important to you and your family. Our services will ensure that we are on top of all your finances while you are able to attend to your own personal commitments.

Holistic Approach

The Ellice-Flint Group is a private advisory firm that has its own AFS License. A boutique financial service offering with Chartered Accountants, Financial Planners and other Specialists working together to help you simplify your finances and add value to your portfolio. We are 100% focused on you, your wealth creation and wealth protection to provide the most favourable outcomes for you financially and personally.

Performance

Our disciplined investment selection and monitoring process forms the foundation of our portfolio return. We have access to specialised investment products typically not available to individual investors, supported by multiple layers of internal and external research.

Advanced Planning Strategies and Investment Selection

In this area we offer the expertise and flexibility that the bigger institutions find difficult to provide. Accordingly, our financial planning and investment solutions are more tailored to meet your personal requirements.

Structuring

Utilising the accounting/advisory team's skills, your structure is reviewed to maximise the efficiency of your wealth.

Communication and Team Approach

Our team works together to ensure we get your complete financial universe organised which we believe is an important prerequisite to maximising wealth. Ongoing administration, timely reporting and client interaction are key components of our ongoing service. We will also take care of all administration functions with accounting compliance needs at the end of each financial year.

Have Control

Stay in control of all your affairs and financial future, including lifestyle assets. You will always be informed and have full transparency across your portfolio and financial affairs. While most other firms only advise in investible assets, at Ellice-Flint we take care of all your assets.

We Save You Time

Time is your most precious asset. We save you time by acting as your financial gatekeeper. By intercepting all investment requests and providing

advice and direction, we ensure you can continue to focus on what is most important or pressing, such as that family event, progressing your career or focusing on growing a successful business.

Consistency and Experience

Our dedicated and loyal employees have extensive proven expertise and industry leading qualifications.

Fees

We create a simple fee structure and clearly articulate our fee arrangements with clients.

Why work with Ellice-Flint Group?

Trust and integrity are values we are proud to uphold. Ellice-Flint Group is comprised of Ellice-Flint and Co Chartered Accountants and Ellice-Flint Financial Planning, a corporate authorised representative of EFDB Pty Ltd.

Integrity and Trust

- Protecting client interests for over a decade.
- Adhering to high ethical standards.
- Holding the utmost honesty and respect for our clients.
- Focusing on our clients' goals and objectives.

Performance

- Managing client portfolios with disciplined and proven investment selection process.
- Providing access to specialised investment products not generally available to retail investors.
- Utilising the most advanced tools and technology.

Quality

We believe financial advice should simplify, not complicate, our clients' lives. We continue to strive for a high standard of excellence. We display this by:

- Endeavouring to hire the best and brightest talents.
- Analysing investment alternatives to identify a history of competitive performance.
- Providing thorough, easy-to-understand recommendations and research results.

Service

Our clients can expect:

- One stop, holistic point of contact and comprehensive administration service.
- Our focus is on building a long-term successful relationship.
- Nothing less than the most courteous and respectful conduct from all employees and partners associated with our firm.
- Quick and efficient resolution to every inquiry or concern.
- Caring, personal attention to their individual needs and circumstances.

Confidentiality

We respect your privacy and appreciate your trust.

We honour our clients' privacy by:

- Safeguarding your personal and financial information.
- Not releasing your information to third parties unless authorised by you.

We have a formidable record of delivering personalised and intelligent strategies to help clients build, manage and maintain their wealth.
